

2020-2021 SCHOOL YEAR

CBI Religious School

A program that is flexible, engaging, meets our students' diverse needs, and fosters community.

2020-2021 SCHOOL YEAR

Synagogue and Family Partnership

Families will meet with a teacher to create a learning plan that meets the students' needs. We also understand that parents' ability to be involved will vary from family to family, so we will tailor the plan to meet parents' needs as well.

It will be roughly the same amount of learning as our regular CBI program (approx. 12 hours per month), but it will be more flexible.

Offerings include: virtual learning, family field trips, social action and acts of kindness projects, independent learning, short community gatherings, and in-person classes if we can do them safely.

Materials and Support

Supply Kits

Your family will receive a grade appropriate box with all the supplies you need for the art projects, outings, and lessons needed for activities.

Teacher Meetings

Your teacher will act as a 'lifestyle coach' to help your family come up with a monthly plan that fits your students needs and works with your schedule.

Professional Staff

Our Education Team will be available to you to help make sure your year has plenty of engagement, community, and connection throughout the year.
