

Dear Families,

Welcome to a new year of Jewish learning at CBI! We are delighted to partner with your family in creating meaningful and fun Jewish experiences as we build community, gain Jewish knowledge, and strive to make the world a better place for all people. I wish to express my appreciation to all our CBI Clergy, teachers, madrichim, and staff for their dedication and work with our students.

A special thanks to CBI Education Coordinator, Elisabeth Pierson, who has developed this new school application process as our congregation continues its transition to the Shul Cloud platform. Please don't hesitate to contact us directly for questions and assistance regarding application or questions about Religious School generally.

I hope to see many of you and our students at the outdoor Shabbat on the Plaza services and at our area and regional Jewish day and overnight camps this summer!

L'Shalom,

Ben Sandler, RJE
Education Director
