

PUAH AND SHIFRA'S SONG OF REBELLION
Music & Lyrics by Kim Schneiderman, 2024

We are not strangers to these strange ways of history
We won't do this
We won't do this
For we stand in awe of the Divine Mystery
We won't do this
We won't do this

Levavot v'neshamot Anachnu K'echad

We are all sisters who attend to the harmony (attend to it mindfully)
We will assist
We will assist
Our hands reaching out in life to all that shall be
We will assist
We will assist

Levavot v'neshamot Anachnu K'echad

YOCHEVED'S SONG FOR HER CHILD
Music & Lyrics by Kim Schneiderman, 2024

Take him to the rushes Miriam
Take him to the rushes Miriam
Take him to the rushes Miriam
Save my Jewish baby boy
Save my Jewish baby
Place him in a basket keep him dry...
Float him down the river in the Nile...
Draw him from the water, Daughter...
I will nurture his Jewish soul...

GOT SOME TALKIN' TO DO
Music & Lyrics by Kim Schneiderman, 2024

In the Wilderness, where Moses spent his days
With his staff in hand, by his sheep as they grazed
A miraculous sight in front of his gaze
A bush filled with fire, unconsumed was ablaze

From the flames a voice cried out
It was the voice of God, Moses had no doubt
He stopped in his tracks, as he turned about
"What does God want with me?"
Well he would soon find out!

Moses Moses, take off your shoes!
You're on Holy Ground, there's no time to lose
My People need help and it's you I choose
Tell Pharaoh to, Let My People Go,
YOU GOT SOME TALKIN' TO DO

Hineini! Here I am! But do you really want me?
Hineini! Here I am! My words don't come easily
Hineini! Here I am! So how can this be?
I'm not much of a talker. You sure you're talkin' to me?

Look around! There's no one else here
I'm speaking straight to you. Have I made myself clear?
I made you just as you are, it's time to face your fears
I Am Who I Am and I will always be near!

CHORUS

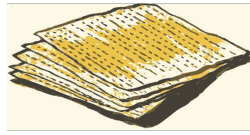

Hineini! Here I am! What if I'm not believed?
Hineini! Here I am! What if no one follows me?
Hineini! Here I am! How do I make them see?
You Aree Who You Are, but I am just me!

Just do your part, that's all you need to do
No one else can do that better than you
Your brother Aaron has your back and I do tooooooo
No need to fix it all alone, alittle help will get you through

CHORUS

Hineini! Here I am! I guess my part will do
Hineini! Here I am! I'll give my whole heart too
Hineini! Here I am! Putin' back on my shoes
I'll walk on back to Pharaoh, I GOT SOME TALKIN' TO DO!

**SONGS FROM CBI'S
MUSICAL HAGGADAH**

SONG OF THE SLAVES-PHARAOH'S PERSPECTIVE
Music & Lyrics by Kim Schneiderman, 2024

No need to **DIG** too deep to try understand
The **SWEAT** of these strangers as they live in my land
I **CARRY** advantage of sovereignty
As I **POUND** their will down into slavery
I **CEMENT** for them what their future holds
As they **BUILD** my cities, and I stay in control!

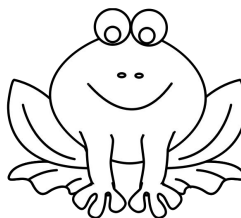

SONG OF THE SLAVES-MOSES' PERSPECTIVE
Music & Lyrics by Kim Schneiderman, 2024

No need to **DIG** too deep to see injustice at hand
The **SWEAT**, tears and pain, how can I not take a stand?
I'll **CARRY** this burden, as I flee in fear
With a **POUND**ing heart, I'll be the stranger out there
I'll **CEMENT** my new life, wife and sons by my side
And **BUILD** my flock, as a shepherd I will reside!

SONG OF THE SLAVES-ISRAELITES' PERSPECTIVE
Music & Lyrics by Kim Schneiderman, 2024

No need to **DIG** too deep to feel what is at stake
The **SWEAT** of our hands as we grab all we can take
We'll **CARRY** our dough hardened flat by the sun
With our **POUND**ing feet as the chase has begun
We'll **CEMENT** a new path, with hope as we flee
And **BUILD** a new life, **WE WILL BE FREE!**

THEM 10
Music & Lyrics by Kim Schneiderman, 2024

Well we've got 10 10- let's sing it again
We've got 10 10 - will it ever end
There are 10 plagues in our Passover story
We've 10 plagues some are lame some are kind of gory
We've 10 plagues from slavery to glory
And we can't get through the seder without singing about them 10

Now the first plague has our waters turning red
And the second plague frogs jumping on our heads
And the third plague filled with bugs we wished were dead
Cuz' life ain't nice, with itchy lice, snuggling up in bed!!

CHORUS

Now the fourth plague wild beasts roam all around
And the fifth plague cattle six feet in the ground
And the sixth plague **BOILS ABOUND!**
Think of pimples on steroids and then multiply that by 10!

CHORUS

'ere at the seventh plague balls of ice fall from the sky
Then at the eighth plague giant insects who can fly
And the ninth plague there is no end in sight
se darkness surrounds us when God turns out the light

CHORUS

We've arrived at the last plague
The most tragic plague of all
There is no need to sing of it, in silence we recall
For a heart that is broken
Might break through the hardened wall
Enslaved by fear, Pharaoh set us free, after the final fall

CHORUS

ENOUGH
Music & Lyrics by Kim Schneiderman, 2024

Take my hand and let's step in together
Take my hand and let's cross this sea
Take my hand, we'll walk through dry land to freedom
Take my hand, and walk with me (2X)

There are no strangers at this table tonight
Worked our way through the shadows
And made it out alright
May we find peace of mind together tonight

And may we rise like the moon tonight
And let the stars guide our way tonight
And may we feel the light tonight
The light of love we bring tonight

We've all been strangers in a strange land
When will it be enough?
No more with the narrow, it's time to expand
When will it be enough?

For those unnoticed, for those in fear,
Haven't we had enough?
Travelers of isolation, welcome to a new frontier
We have had enough!

Ki ger-im heh-yi-tem b'eretz mitzrayim כִּי גֵרִים הֵייתֶם בְּאֶרֶץ מִצְרַיִם
Has it ever been simple
When did complications arise
Btzelem Elohim, every soul of a child is the same
When looking deep in their eyes
Ometz Lev! It takes a strong heart for **JUSTICE TO BE PURSUED**
JUST Do NOT do unto others, what you don't want done to you!
